## INDEPENDENT AUDITORS' REPORT

The Board of Trustees of the  
BAM Endowment Trust

We have audited the accompanying financial statements of BAM Endowment Trust ("BET") which comprise the statements of financial position as of June 30, 2019 and 2018, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditors' Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Opinion***

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of BAM Endowment Trust as of June 30, 2019 and 2018, and the changes in its net assets and its cash flows for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

### **Emphasis of Matter**

As discussed in Note 2 to the financial statements, during the year ended June 30, 2019, BET adopted Accounting Standards Update (ASU) 2016-14, *Not-for-Profit Entities* (Topic 958) – *Presentation of Financial Statements of Not-for-Profit Entities*. Our opinion is not modified with respect to this matter.

**BAM ENDOWMENT TRUST**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2019 AND 2018**

**NOTE 1 – ORGANIZATION AND NATURE OF ACTIVITIES**

BAM Endowment Trust (“BET”) was incorporated in April 1992. BET operates exclusively for the benefit of Brooklyn Academy of Music, Inc. (“BAM”). The bylaws of BET state that the majority of its Board members cannot be affiliated with BAM’s Board of Trustees. Accordingly, the accounts of BET are not consolidated with the financial statements of BAM, although BAM records its beneficial interest in the net assets of BET.

BET is a not-for-profit organization exempt from Federal income taxes under Section 501(c)(3) of the Internal Revenue Code, and similar provisions at the New York State and City level.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

- A. ***Basis of Accounting*** – The financial statements of BET have been prepared on the accrual basis of accounting. BET adheres to accounting principles generally accepted in the United States of America (“U.S. GAAP”).
- B. ***Net Assets*** – BET maintains its net assets under the following two classes:
- Without Donor Restrictions – represents resources available to support BET’s operations over which the Board of Trustees has discretionary control.
  - With Donor Restrictions – represents net assets subject to donor-imposed stipulations as to a specific purpose or time that have not been met. Net assets with donor restrictions which have been both earned and have had their restrictions met in the current year are recorded as net assets without donor restrictions. In addition, BET receives funds for the establishment of certain endowments for its benefit. These endowments have been designated by the donors as endowments to be kept in perpetuity with net appreciation designated to specific purposes or the general operations of BAM. Appropriations of such appreciations are limited in accordance with New York Prudent Management of Institutional Funds Act (“NYPMIFA”), see Note 4.
- C. ***Use of Estimates*** – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures at the date of the financial statements. Actual results could differ from those estimates.
- D. ***Results from Operations*** – BET reports as operations all gifts, investment income and expenses. Gains and losses on investments are reported as nonoperating changes in net assets.
- E. ***Cash and Cash Equivalents*** – BET considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.
- F. ***Pledges Receivable*** – Pledges receivable due in more than one year are recorded at their net present value, determined using a risk-adjusted discount rate commensurate with the rate of U.S. Treasury bills whose maturities correspond to the maturities of the pledges. Discount rates ranged from 1.5 to 3.5 percent. Amortization of the discounts on pledges is reflected as a component of contribution income in the accompanying financial statements. Restricted pledges are reported as additions to net assets with donor restrictions.
- G. ***Investments and Fair Value*** – Investments are carried at estimated fair market value in the accompanying financial statements. The statements of activities include net return on investments consisting of interest and dividend income, realized and unrealized gains and losses, as well as management and custodial fees. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis.

**BAM ENDOWMENT TRUST**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2019 AND 2018**

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Fair value measurements are based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In order to increase consistency and comparability in fair value measurements, a fair value hierarchy prioritizes observable and unobservable inputs used to measure fair value into three levels, as described in Note 10.

- H. **Contributions** – Contributions are recorded as support depending on the existence and/or nature of any donor restrictions. Contributions are recognized when the donor makes a promise to give to BET that is, in substance, unconditional. Conditional contributions and promises to give are not recognized until they become unconditional, that is when the future and uncertain event on which they depend has occurred.
- I. **Allowance for Doubtful Accounts** – BET’s management evaluates the need for an allowance for doubtful accounts applicable to its pledges receivable based on various factors including an assessment of the creditworthiness of the donors, aging of the amounts due and historical experience. As of June 30, 2019 and 2018, BET’s management determined that no allowance for doubtful accounts was necessary.
- J. **Functional Expense Allocation** – The costs of program and supporting services have been summarized on a functional bases in the statements of activities. Since BET operates exclusively for the benefit of Brooklyn Academy of Music, Inc., distributions to BAM are classified as program expense and all other expenses are considered supporting services. BET allocated a management fee paid to BAM based on reasonable estimates of time and efforts of services performed by BAM’s employees on behalf of BET.
- K. **Reclassifications** – Certain line items in June 30, 2018 financial statements were reclassified to conform to the 2019 presentation.
- L. **Recent Accounting Pronouncements** – FASB Accounting Standards Update (“ASU”) 2016-14, “*Not-for-Profit Entities*” (Topic 958) *Presentation of Financial Statements of Not-for-Profit Entities*, was adopted for the year ended June 30, 2019. ASU 2016-14 provides for a number of changes, including the presentation of two classes of net assets and enhanced disclosure on liquidity resources and functional expense allocation. As a result of implementing ASU 2016-14, BET reports net assets in two classes (see Note 2B), the methodologies used to allocate expenses by function (see Note 2J) and provides additional information about liquidity (see Note 3). Net assets as of June 30, 2018 were reclassified to conform to the new presentation.

**NOTE 3 – LIQUIDITY AND AVAILABILITY**

BET regularly monitors liquidity required to meet its operating needs while also striving to maximize the investment of its available funds. For purposes of analyzing resources available to meet general expenditures over a 12-month period, BET considers all expenditures related to its ongoing activities.

As of June 30, 2019, financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the statement of financial position date, included the following:

Cash and cash equivalents	<u>\$ 4,935,130</u>

In addition, assets held in pooled income fund (see Note 8) of \$103,346 and \$97,190 at June 30, 2019 and 2018, respectively, are also included in net assets with donor restrictions.

BET adheres to the New York Prudent Management of Institutional Funds Act (“NYPMIFA”). BET recognizes that NYPMIFA permits the Board of Trustees to appropriate for expenditure all earnings of endowment funds (both realized and unrealized) with a presumption of prudence to a ceiling of 7% annually based on a quarterly rolling five-year average of the fair value of the endowment funds. Any unappropriated earnings that would otherwise be considered without donor restrictions by the donor will be reflected as with donor restrictions until appropriated. All current year investment earnings are appropriated by the Board as considered available to be spent by BAM.

The Board of Trustees of BET has interpreted NYPMIFA as allowing BET to appropriate for expenditure or accumulate so much of an endowment fund as BET determines is prudent for the uses, benefits, purposes and duration for which the endowment fund is established, subject to the intent of the donor as expressed in the gift instrument. Unless stated otherwise in the gift instrument, the assets in an endowment fund shall be donor-restricted assets until appropriated for expenditure by the Board of Trustees. See Note 2B for how BET maintains its net assets.

**BAM ENDOWMENT TRUST**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2019 AND 2018**

**NOTE 4 – NET ASSETS (Continued)**

BET's endowment investment policy is to invest primarily in a mix of equities, fixed income funds, mutual funds and alternative investments based on an asset allocation to satisfy its overall endowment financial and investment objectives, such as to preserve the principal, protect against inflation, receive stable returns and achieve long-term growth. BET relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). Annual spending from the endowment funds is described above.

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor requires BET to retain as a fund of perpetual duration. In accordance with U.S. GAAP, deficiencies of this nature, if they occur, are reported in net assets with donor restrictions. The deficiencies may result from unfavorable market fluctuations that occur in the economy as a whole that may affect the donor restricted endowment fund where the fair market value of the donor restricted endowment fund falls below the amount that is required to be retained permanently. There were no such deficiencies for the years ended June 30, 2019 and 2018.

Changes in net endowment assets for the year ended June 30, 2019 were as follows:

	Without Donor Restrictions - Board Designated	With Donor Restrictions	Total 2019

**BAM ENDOWMENT TRUST  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2019 AND 2018**

**NOTE 5 – CONCENTRATIONS**

Cash and cash equivalents that potentially subject BET to a concentration of credit risk include cash accounts with banks that exceed the Federal Deposit Insurance Corporation (“FDIC”) insurance limits. Interest-bearing accounts are insured up to \$250,000 per depositor. As of June 30, 2019 and 2018, there was approximately \$4,400,000 and \$2,600,000, respectively, of cash and cash equivalents held by banks that exceeded FDIC limits.

**NOTE 6 – RELATED-PARTY TRANSACTIONS**

As of June 30, 2019, and 2018, BAM owes BET for funds temporarily held in BAM. The amount of the funds due to BET at June 30, 2019 and 2018 is \$2,653,905 and \$1,429,735, respectively. During the years ended June 30, 2019 and 2018, BAM received a management fee of \$200,000 for services performed on behalf of BET by BAM employees. Such funds have no interest and no set repayment terms. Subsequent to year end, BAM made partial payment to BET for funds temporarily held in BAM.

**NOTE 7 – PLEDGES RECEIVABLE**

Pledges receivable as of June 30, 2019 and 2018 to the BAM Endowment Trust have been discounted to reflect their net present value. The pledges receivable from various corporations, foundations and individuals were as follows at June 30:

	<u>2019</u>	<u>2018</u>
Pledges due:		
Within one year	\$ 718,000	\$ 912,889
In one to five years	<u>1,003,000</u>	<u>1,506,000</u>
Gross pledges receivable	1,721,000	2,418,889
Less: discount to present value (1.5% to 3.5%)	<u>(48,399)</u>	<u>(70,559)</u>
Total pledges receivable - net	<u>\$ 1,672,601</u>	<u>\$ 2,348,330</u>

The pledges due subsequent to fiscal year 2019 are expected to be fully collected according to their payment schedules.

**NOTE 8 – POOLED INCOME FUND**

During the year ended June 30, 1997, BET established a BAM Pooled Income Fund. The fair value of the assets held in the Pooled Income Fund as of June 30, 2019 and 2018 amounted to \$123,688 and \$119,996, respectively. The discounting for future interests was \$20,342 and \$22,806 as of June 30, 2019 and 2018, respectively, using a discount rate commensurate with the rate of U.S. Treasury Notes whose maturities correspond to the estimated lives of the beneficiaries. The net value to BET as of June 30, 2019 and 2018 of \$103,346 and \$97,190, respectively, is included as net assets with donor restrictions for the estimated life of the income to the beneficiaries. The remaining \$2,462 and \$2,340 net change in the pooled income fund was classified as net assets with donor restrictions at June 30, 2019 and 2018, respectively.

**NOTE 9 – COMMITMENTS AND CONTINGENCIES**

A. The Board designates only a portion of BET’s cumulative investment return for support of current operations unless donor restrictions exist. The remainder is retained to support operations in future years and used to offset potential market declines. State law allows the Board to appropriate so much of the net appreciation as is prudent considering BET’s present and anticipated financial requirements.

BET has made a commitment to distribute to BAM each year. During the years ended June 30, 2019 and 2018, the Board of BET authorized distributions to BAM of \$4,449,813 and \$7,478,996, respectively, of which \$0 and \$3,000,000, respectively, was appropriated as a special distribution.

B. BET believes it has no uncertain tax positions as of June 30, 2019 and 2018 in accordance with Accounting Standards Codification (“ASC”) Topic 740, *Income Taxes* which provides standards for establishing and classifying any tax provisions for uncertain tax positions.

The unrealized gain recognized for the years ended June 30, 2019 and 2018 amounted to \$3,349,421 and \$3,900,839, respectively.

- (1) These funds invest in domestic and international marketable equity securities in various industries.
- (2) These funds invest in hedge funds, funds of funds and limited partnerships whose objective is to achieve above-average rates of return and long-term capital growth through investments in private equity and private investment in public equity securities.
- (3) These funds have a broad investment charter that allows them to allocate their assets among investments in equity securities, fixed-income instruments, commodities, futures, options, and other investment companies.
- (4) These funds primarily invest in certificates of deposit issued by various commercial banks.

As of June 30, 2019, BET had no outstanding contractual commitments to invest a specific amount of additional capital at a future date.

The fair value hierarchy defines three levels as follows:

Level 1: Valuations based on quoted prices (unadjusted) in an active market that are accessible at the measurement date for identical assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.

Level 2: Valuations based on observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in inactive markets; or model-derived valuations in which all significant inputs are observable or can be derived principally from or corroborated with observable market data.

Level 3: Valuations based on unobservable inputs are used when little or no market data is available. The fair value hierarchy gives lowest priority to Level 3 inputs.

In determining fair value, BET utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible in its assessment of fair value.

Investments in corporate equities and fixed income funds are valued using market prices in active markets (Level 1). Level 1 instrument valuations are obtained from real-time quotes for transactions in active exchange markets involving identical assets. The net asset values of mutual funds are based on the quoted market-level prices of the underlying securities. Investments in the pooled income fund are valued using quoted prices in inactive markets (Level 2). Level 2 instruments valuations are obtained from similar assets or model-derived valuations in which all significant inputs are observable or can be derived principally from or corroborated with observable market data.

Investments in hedge funds, funds of funds and limited partnerships (“alternative investments”) are stated at fair value as estimated in an unquoted market (Level 3). Fair values of these investments are reviewed by the Board of Trustees through the investment managers and general partners. Values may be based on historical cost, appraisals, or other estimates that require varying degrees of judgment. Because of the inherent uncertainty of valuations of these investments, values for these investments may differ significantly from values that would have been used had a ready market for the investments existed.

The estimated fair values of the alternative investments are reviewed by the Board of Trustees and may neither reflect amounts that could be realized upon immediate sale nor amounts that ultimately may be realized. The fair value of BET’s investment in these alternative investments generally represents the amount BET would expect to receive if it were to liquidate its investment, excluding any redemption charges that may apply.
